Sam says he went to Anniston, Alabama to pick up a load of land chickens in one of those big tandem trailers and when he was almost home a fellow stops him and tells him he has a chicken, a live one, riding on the brake drum of the trailer.

Sam took a look and sure enough there was a chicken perched upon the brake drum. He had ridden (Continued On Page Three)

30 Acres Bought By Foundation

The Murray-Calloway County Industrial Foundation has purchased a tract of land which will be used as an industrial park. The property, known as the Mrs. Van Hart property, is located on Kentucky 121 within the city limits.

The tract contains about 30 acres and is adjacent to the new TVA sub-station which will be erected in the near future. The tract is now served by all utilities and has rail and highway service.

Natural gas, electricity, water and sewerage are in this area. An excavation contractor has spent 64 hours clearing timber and brush from the property thus far. The area will be terraced and graded to make the park into a "first class industrial park."

The board of Trustees authorized the purchase of the property at a cost of \$35,500.

The purpose of the purchase was to give Murray more good industrial sites in order to entice industry to the city and county.

Construction Of \$3,745,000 Is Well Underway

Murray State College's building continues in full swing — four modern buildings are in various stages of completion at the state college, which began in 1923 with only one building.

The total cost of construction, including furnishings, is \$3,745,000, according to President Ralph H. Woods.

The Board of Regents has also approved an application for funds to construct, in the near future, another men's dormitory to house more than 500 students.

A new women's dormitory, Elizabeth Hall, is an ultramodern 10-story building that will house 300 women. Eight floors are now occupied by students, and the remaining two will be completed in the near future.

Springer Hall, the fourth men's dormitory to be built since 1961, will accommodate 316 men. It is now fully occupied.

Still under construction are the new Applied Science Building, which will make possible several expansions in the science and industrial arts programs, and the Child Development Center, which will house a nursery school.

Councilman Starks Outlines Efforts Taken In Past Weeks

City Councilman Roy Starks last night reviewed with the council the steps which have been taken over the past two weeks to relieve a serious situation at the city land-fill site.

He reported that the bulldozer was back in operation, a fact which greatly alleviated conditions at the site. The bulldozer had broken down and garbage delivered to the site was piled high two weeks ago. A-

so a huge collection of brush, trimmings, etc. was piled high. Much of this was burned and citizens coming in after hours had piled wet garbage on the burning brush causing a heavy smoke on the north side of town and a terrible stench.

Murray Water and Sewer equipment had been used to some advantage to alleviate the situation, but the repair of the bulldozer two weeks ago was the key move, he said. Parts of the machine had literally worn out and had to be replaced.

The land-fill site has been cleaned and all garbage covered, Starks said. Normally all garbage is covered by the end of the day to eliminate odor and the attraction of flies and rodents.

Within three weeks it is anticipated that the entire operation will be moved north from one-fourth to (Continued on Page 6)

County Man Will Observe His 90th Birthday Saturday

John R. Davidson who resides at his home on the Penny Road just off Highway 121 will celebrate his 90th birthday Saturday, September 26. He was born in Graves County near Farmington on September 26, 1874.

"Uncle Johnny" as he is known to his many neighbors and friends was married to the former Ida Marie on September 25, 1898. To this union were born three children, Mrs. Festus Story who lives next door to her father, and two who died in infancy.

Mrs. Davidson passed away April 2, 1938, and Mr. Davidson married Mrs. Janie Armstrong Russell in 1939 and she died in 1957.

Davidson is one of the oldest residents of this area of the county and his memory is very good. One of his neighbors wants to know anything about former property owners or family members, he or she just consults with "Uncle Johnny". The almost 90 year old man lived near Kirksey for a few years after his marriage, but has been living at his farm on the Penny Road for over 50 years. He is one of the oldest members or probably the oldest of the West Fork Baptist Church. He is the oldest deacon of the church and still attends every Sunday.

Mr. Davidson's eyesight is failing him, but he still endeavors to read large print and with the help of a magnifying glass even small print. He enjoys watching television and listening to the radio.

The county man still does small chores around his house and walks over a half mile to the Penny Community Store nearly every day. He lives at his house, but has all his meals with his daughter.

Mr. Davidson has four grandchildren who are Randolph and J. R. Story, Mrs. Bobby Johnson, and Miss Anna Story, all of Murray. He has nine great grandchildren.

NICE AND SMOOTH NOW — While two weeks ago this spot was piled high with garbage from the city trucks. The land fill site is all covered with dirt now. The line of garbage seen at the left of the picture was dumped today by the three city trucks and will be covered by tonight. In about three weeks the entire land fill operation will be moved about one-fourth mile north of this site, or 8 miles from Chestnut Street.

Joe Namath Is Out Of The Doghouse Now

By DAVID M. MOFFIT, UPI Sports Writer

ATLANTA (UPI) — Ten months ago, Alabama quarterback Joe Namath was in Coach Bear Bryant's doghouse for an undisclosed violation of regulations.

Despite being a star for nearly two seasons, Namath was held out of last year's season finale with Miami and Alabama's Sugar Bowl clash with Mississippi.

Thursday night, Namath, back in Bryant's good graces, returned to action against the University of Georgia and led the Crimson Tide to a top-sided 31-3 victory with a brilliant performance.

For that performance, Namath today was named Southeastern Conference Back of the Week by United Press International.

In the game against Georgia, Namath completed 16 of 21 passes for 187 yards and ran for 55 more yards to give him a night's total of 232.

Just as noteworthy was the fact that three of his runs were for touchdowns.

Namath, a 194-pound senior from Beaver Falls, Pa., went to Alabama with rave notices. He had a tremendous sophomore season when he gained a total of 1,421 yards. In two seasons, Namath gained 2,367 yards, threw 20 touchdowns passes and scored nine touchdowns himself.

Now, in his final college season, he is among the front-runners for All-America recognition and includes among those who think he may earn that honor none other than Bryant himself who seldom has much to say about his players.

There were many candidates for UPI's first SEC Back of the Week for '64. Included among those was Auburn quarterback Jimmy Stille who scored 183 yards against Texas A&M and 144 yards against Tennessee.

Kentucky halfback Roger Bird who scored both Wildcat touchdowns in a 13-6 win over Detroit; Louisiana State quarterback Pat Screen who gained 183 yards against Texas A&M and Vanderbilt quarterback Mike Walker who passed for 217 yards in a losing effort against Georgia Tech.

Applications By Phils Now Being Taken

By RUSS GREEN, UPI Sports Writer

Philadelphia (UPI) — The Philadelphia Phillies are accepting World Series tickets applications Wednesday and many brave souls looked over his shoulder when he dropped his letter in the mail box at mid-night.

The Phils had just dropped two straight to the pressing second place Cincinnati Reds. The days, the season, and the Phillies lead were getting shorter on this first full day of autumn.

Hurricane Gladys was threatening to wipe out the final of the series tonight, which meant the game would be played in Cincinnati come the last closing moments of the schedule.

Still, the Phils were perked up, even if they didn't look it when they dropped a 9-2 loss to Cincinnati Tuesday night which trimmed their lead to four and they lost 1-0.

It was one of those horrendous things Tuesday which optimistic amateurs call gold to be out of their system. Chris Short gave up six runs and five walks, the most he's given in any game this year.

There were a couple of throwing errors to pad the Reds scoring, two runs came in on two passed balls in the same inning, and a bases lead walk forced in another. If that's not pressure, what is it?

Kanaker Gene Mauch, his voice just above a whisper, he lost both the voice and an argument to umpire Chris Posedelmas at one and the same time in Los Angeles—said it had pressure and appraised the game by Reds pitchers John Tudor and Jim O'Rourke.

It was a case of a couple of guys pitching two good ball games, Mauch said, adding that "we'll have to shake up our hitting."

Did Mauch lead to four and a half games—the Phils have 10 left, the Reds 11—make anyone apprehensive?

"I'd rather be where we are now than where anyone else is in the league," Mauch said.

Career Marks Of Three Hawks Fantastic In The Cage World

In the point-hunger world of pro basketball where only superlative defensive efforts keep the game's top stars from scoring 300 points a game, more statistics mean little in a sense but the career marks of three of the St. Louis Hawks veterans are still fantastic to behold.

When the NBA season rolls around this October, the Western Division Hawks will have a threesome of Bob Pettit, Cliff Hagan and Richie Guerin who have scored the fantastic total of 42,804 points between them during a combined total of 1,988 games.

Actually the trio would average 66 points a game and usually do—if not more—but their individual marks are awesome to behold.

Pettit sports a per-game mark of 26.6 in 742 games and is the greatest scorer in basketball history—achieved in only 10 years in the game.

Hagan has played in 595 games in eight years and has scored 11,439 points for a 19.2 average. Despite the fact that he has been the smallest front-court operator in the game for the past five years.

Guerin, a fine performer with New York for seven years, was even better as an all-around guard than he was as a scorer.

In fact, Guerin set a new team record for basketball last season—remarkable when you consider the Hawks have had some of the top backliners in the history of pro basketball in the past—names like Sater Martin, Jack McInish and the like.

When the Hawks once again contenders for Western Division honors, it appears likely the same three will carry the burden again.

The Hawks met the Los Angeles Lakers here on September 30.

Dear Abby . . . It's Your Move, Lady!

Abigail Van Buren

DEAR ABBY: I accidentally found out from the social security office that the man I married 16 years ago had never been legally divorced. I was advised to have a second marriage ceremony performed. To my dismay, Mr. W. received the idea as a joke and refused. I am 32 and Mr. W. will be 80 in two weeks. I am worried about my future. My lawyer advised me that according to Massachusetts law I am not Mr. W.'s legal wife, and I cannot claim his estate or get social security. I even got our priest to talk to him, but it didn't help. Mr. W. is the most generous man in the world and would give me the moon if I asked for it, but he will not consent to another ceremony. Can you help me?

DEAR ABBY: I have a problem. I saw the organist of our church with a married man. And he wasn't hers. Should I tell the pastor to talk to her before she breaks up the marriage or should I mind my own business? I somehow feel that it is my Christian duty to "set her straight." Don't tell me it is only my imagination. I had heard rumors about these two, which at first I did not believe. But when you see two people in a secluded spot away from the busy roads, what

CITY LAND-FILL . . .

(Continued From Page One)

one-half mile, which will be to great advantage since the entire operation will be further from the city. Councilman Sparks urged the adoption of an ordinance which would control the land-fill site and place it under stricter supervision. Under the ordinance, garbage could be taken to the dump by citizens only from 7:00 a.m. to sundown. It could not be dumped from sundown to the following morning at 7:00 a.m. This would prevent any fresh garbage from lying in the open all during the night. The ordinance would also prevent the dumping of car bodies at the site and some type of fee was suggested for the handling of large stumps which present a special problem. Sparks emphasized that it was the desire of his committee to provide a good disposal system for the city and to maintain the land-fill site in good repair. Fences have been put up at the site to maintain a more orderly dumping by citizens. The road to the new site is being constructed.

In other action the council approved the employment of Mrs. William Horrocks as a Patrol Mother. She will work three and one-half hours each school day at \$100 per month during the school year only.

The second reading was given to three ordinances concerning salaries of elected and appointed officials.

Wayne Cook was employed as a permanent member of the Murray Street Department.

Councilman Charles Mason Baker asked the council to approve the taking of bids for a new police car. This will be done.

Councilman Richard Tuck urged that some measures be taken to lower the cost of becoming a gas appliance installer. At the present time it costs approximately \$125 to become qualified to install natural gas equipment while it costs from \$25 to \$50 to become qualified to install electrical and plumbing equipment. The council will study this inequality and try to work out some solution. The principal stumbling block seems to be in surety bond and liability insurance required under the present ordinances.

Councilman Frank Lassiter reported to the council that the State Highway Patrol representative who came to Murray with the 19th annual Governor's Tour this week highly complimented Murray City Police for their alertness, neat dress and general efficiency. The representative said that Murray's City Police stood out from police in other towns visited.

The traffic hump planned for North 14th Street between Hughes and Olive Boulevard will be constructed this week. Purpose of the hump will be to slow traffic down in that area.

As the meeting opened last night Mayor Holmes Ellis presented each council member with an "Honorary Mayor" certificate. The presentation was a gesture on the part of Mayor Ellis and proclaimed each councilman as the "Honorary Mayor" of the city of Murray. Also displayed was the "Honorary Citizen of Murray" certificate, one of which Mayor Ellis presented to Governor Edward Breathitt on his visit here this week.

An investment in Your Future

ATTEND CHURCH

"For where your treasure is, there will your heart be also"

OUR USE OF LEISURE

None of us can make our best contribution to life unless we take care of our physical selves. The right kind of recreation renews the body, mind, and spirit.

There should be a proper balance and rhythm between work and rest. Our Lord meant for us to enjoy life and intended no man to punish his body with unrelieved work.

Of course our recreation should be of a kind that would actually re-create our spirits and bodies and make us better able to perform our work.

Part of our leisure time should be spent renewing our spirit by worshiping God in His Church. We invite you to attend services this week.

"But they that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run and not be weary; and they shall walk and not faint." Isaiah 40:31.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
